**WORKSHOPS**

2.30 - 4.30

**1. Community Led Regeneration**

How communities living in social housing estates can take an active role in regeneration. What does the London Housing Strategy offer and how can academic research be useful for community groups? This workshop runs for longer as it marks the launch of a research project at UCL.

2.30 - 3.30

**2. Inclusive neighbourhoods**

Does the London Housing Strategy succeed in meeting diverse housing needs. How should we define inclusive neighbourhoods? Contributors include Gypsies and Travellers, boat dwellers and single peoples housing.

**3. Private renters**

Will the London Housing Strategy raise standards on security of tenure and decent housing conditions? What is needed for the licensing schemes to be effective?

3.30 - 4.30

**4. Affordability**

This workshop will consider the Mayor's proposals for "genuinely affordable homes". Will the affordable rent, living rent and shared ownership products, together with new targets and funding arrangements, make a significant change?

**5. Community Led Housing**

What are the support needs of co-housing, cooperative housing, community land trusts and other community forms of housing? How far can these be met by the Community Led Housing Hub?
